

"Between the omnipotent State and the naked individual looms the first line of resistance against totalitarianism: the economically and politically independent family, protecting the space within which free and independent individuals may receive the necessary years of nurture.

Michael Novak

Canada needs strong families, especially now when the fabric of society is being torn apart by materialism, selfish individualism, and disrespect for human life.

"As the family goes, so goes the nation and so goes the whole world in which we live."

Pope John Paul II

A family, headed by a father and mother, is crucial in order to raise stable children and to pass on, from generation to generation, faith, values, and culture: the traditional family is the foundation of a strong vibrant nation.

REAL Women's efforts on behalf of the traditional family have never wavered. With your help, we have served as a strong, positive voice in government, the courts and the media for over two decades. Through turmoil and adversity, together, we have put forward our voice on behalf of the family in a clear and uncompromising manner. We can only continue this vital work for many generations to come with your help.

"It is not your love that sustains the marriage, but from now on, the marriage that sustains your love."

Dietrich Bonhoeffer

Letter sent from his prison cell to a young couple shortly before his execution by the Nazis

Please consider making a bequest in your Will to REAL Women of Canada. Such a bequest would be a lasting gift, not just to REAL Women, but to Canada as a whole. Your legacy will be changed lives, strengthened families, and a stronger society. As well, your gift will be a lasting memorial to your own faith and belief in the traditional family. Please discuss this matter with members of your family. Your gift can be a percentage of your estate, a specific amount, or a residual amount.

You should consult with a lawyer to ensure both that an estate plan meets with your unique goals, and also complies with the legal requirements of your province.

If you do not have your own lawyer and wish the name of a trustworthy pro-family lawyer, we will be pleased to send you a short list of pro-family lawyers, practising as close to your area as possible, from which to choose.
