## WHO WE ARE

*REAL Women of Canada* is a non-partisan, non-denominational association of women, men, families and groups.

Our mission is to promote the equality, advancement, and well-being of women, whether in the home, the workplace or the community.

Women are not the same. No single group or ideology can represent the views of all women. Established since 1983 we are a voice for women who support life and the traditional values of marriage of one man and one woman and the natural family.

### THE FAMILY IS THE MOST IMPORTANT UNIT IN SOCIETY.

We believe the family is the ideal model to nurture the young, protect the vulnerable and care for the elderly. The family is critical to our individual well-being and to the well-being of society.
